

Tutorial on how to use Huddle Up

HAVE FUN !!!!!!!!!!!!!!!

First step

On our home page there will be a calendar provided for you to mark the days that you are busy so we can set an arranged date for your plans .

Second step

After you have filled in all the information on the Home Page , move on to the next page which is under Create Event and on this page name the event you're planning to attend and from there we will give you a list of multiple direction from your destination to the destination you want to attend with the help of google maps in addition it will give you departer time to make sure you get to where you want to go on time.

Step three

Share the event with the people you want to attend and from there you will set the meeting place up
